

**Magnetic Lifter 1 Ton**

Magnetic Lifter 1 Ton is a magnetic fixture widely used in machinery factories, mold factories and other machining fields. Magnetic Lifter 1 Ton can greatly improve the clamping efficiency of magnetic steel materials. Magnetic Lifter 1 Ton is based on high-performance rare earth material Ndfeb (N> 40) as the core, by hand pulling the handle of the sucker to rotate, so as to change the magnetic system of ndfeb inside the sucker, to achieve the holding or release of the processed workpiece.

**1 Magnetic Lifter 1 Ton**

Magnetic Lifter 1 Ton has strong magnetic path produced by NdFeB magnet which supply permanent power,

On and off of the magnetic path is controlled by turning the manual handle. Magnetic Lifter 1 Ton have the features of strong attraction, smaller volume, lighter weight, powerful lifting effort, easy and safe to operate,

long-period operation without power supply. Permanent magnetic lifters are mainly used for lifting and transporting the steel and iron for factories, docks, ware houses, transportation etc. It can hoist iron, steel blocks, cylinder and others and provide a quick and convenient method of loading, unloading,

and moving.

**2. Magnetic Lifter 1 Ton Specification**

Model	Capacity (KG)	Max pulling force(KG)	SIZE(mm)				Net weight (KG)
			L	B	H	R	
YS-100	100	300	90	63	68	145	2.7
YS-200	200	600	69	73	190	181	4.45
YS-400	400	1200	160	95	180	160	91

YS-600	600	1800	220	115	125	230	192
YS-1000	1000	3000	260	145	145	280	34
YS-2000	2000	5000	340	160	165	410	68
YS-3000	3000	7500	420	185	185	510	87
YS-5000	5000	15000	580	300	300	650	198

### 3. Magnetic Lifter 1 Ton Feature And Application

Magnetic Lifter 1 Ton is widely used in iron and steel, mechanical processing, mold, warehouse transportation and hoisting process. Magnetic Lifter 1 Ton can greatly improve the efficiency of workpiece loading, unloading and handling, and is the most ideal lifting tool for factories, wharves, warehouses, transportation and other industries.

### 4. Magnetic Lifter 1 Ton

Magnetic Lifter 1ton high strength lifting ring, solid tensile resistance, no breakage

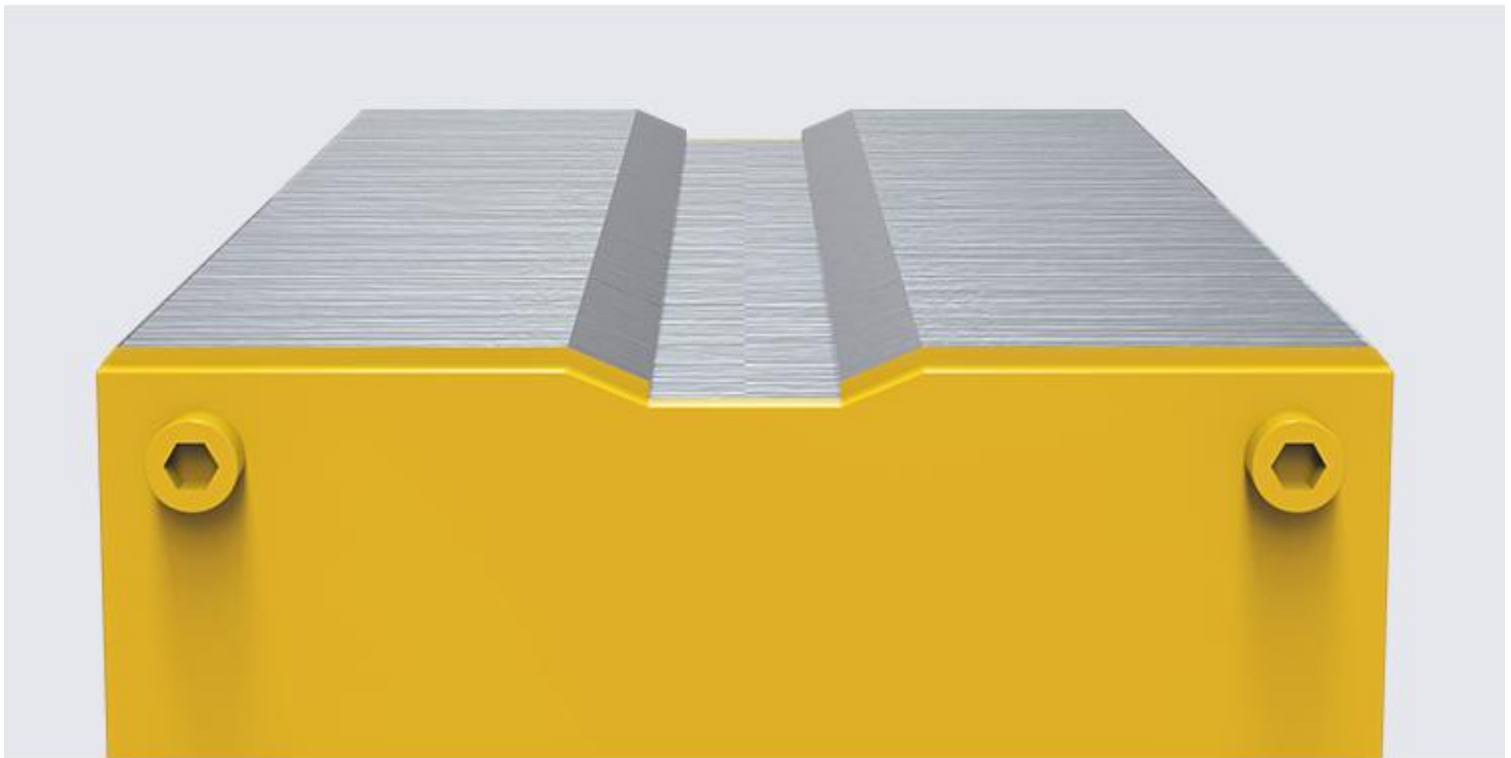

Magnetic Lifter 1 Ton handle is simple to operate, with strong Magnetic suction, clean demagnetization

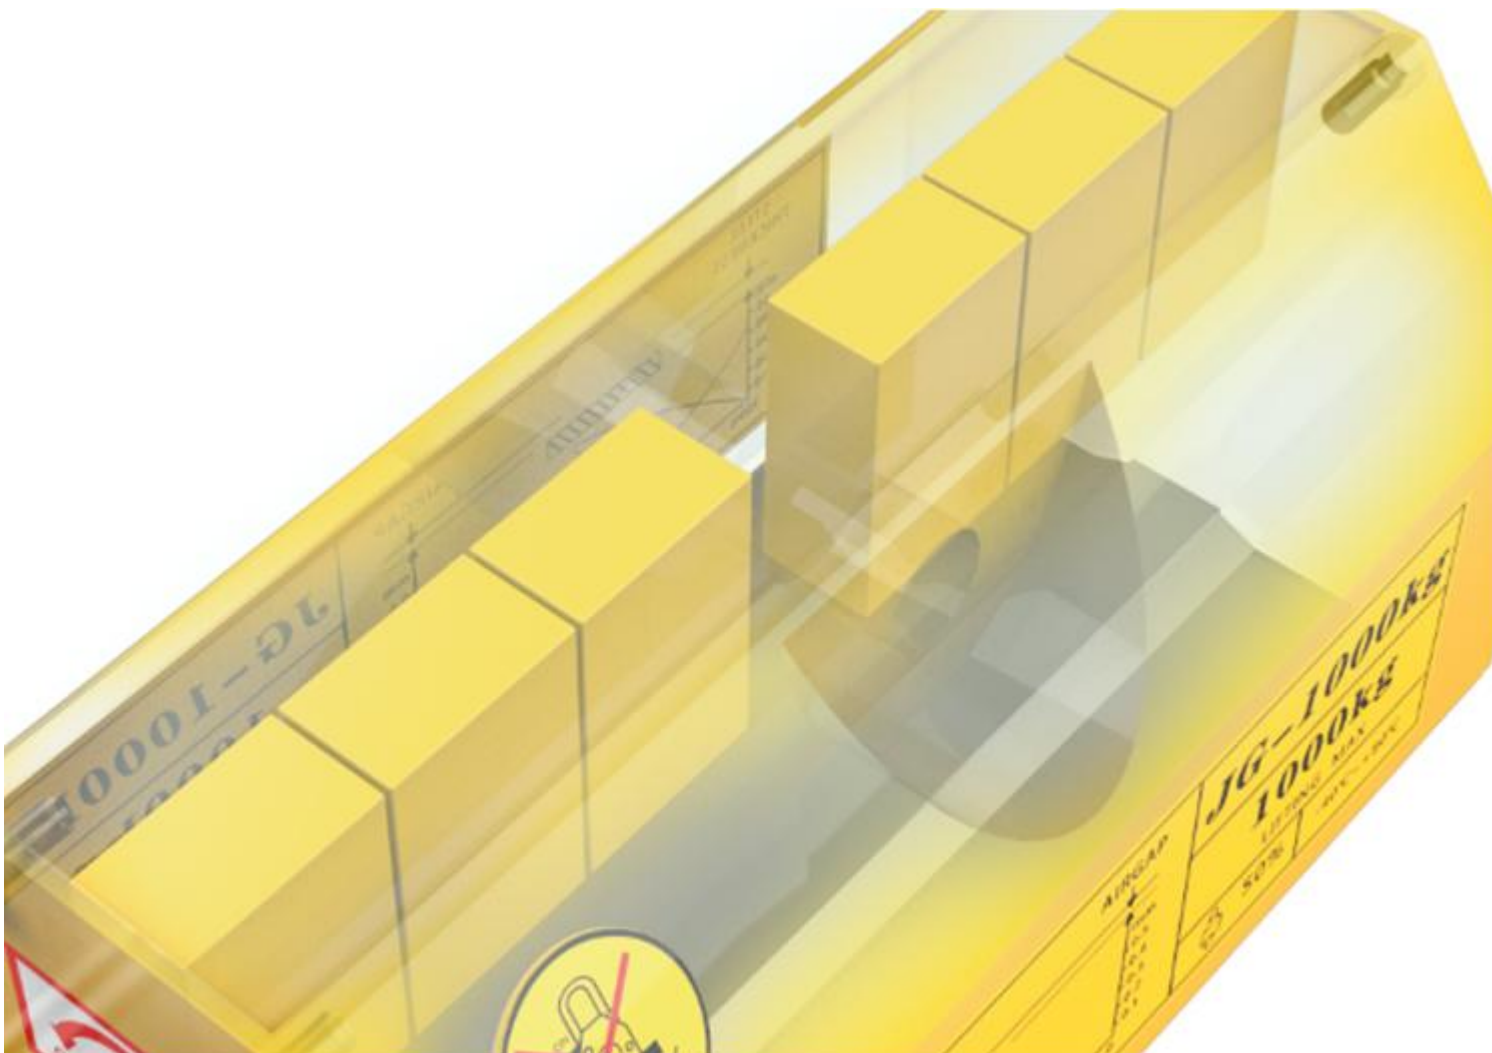

Magnetic Lifter 1 Ton U groove design, both plate and round steel can be absorbed

Magnetic Lifter 1 Ton high quality magnet material, not knock not touch not demagnetization

Magnetic Lifter 1 Ton with three times of breaking force, strong suction, use more assured

Magnetic Lifter 1 Ton authoritative certification, safe and assured.

## 5. Product Qualification

Shanghai Yiyong Crane Machinery Co., Ltd has been focusing on research, development, design, production and service of various hoists. Nowadays, it is one of the Largest and leading hoist manufacturers in China rank in the China with "HUGO" brand. We focus on Chain Hoists, Electric Hoists, chain, Magnetic Lifter 1 Ton, Forklift and other lifting products for more than 30 years.

## 6. Deliver,Shipping And Serving

Deliver,Shipping:

1: For Air/Express transport: 1set magnetic lifter in one carton, carton lined with foam box, outside of the carton with bubble paper.

2: For Sea transport: 1set magnetic lifter in one carton, carton lined with foam box, several cartons in one wooden cartons/pallet.

Port

Ningbo

Serving :.

1. We are Alibaba Assessed 1 year Gold Supplier.
2. We are engaged in the lifting hoists for nearly 30 years and have high visibility in domestic.
3. Samples are available, but not free.
4. Customized products and logo printing available.
5. 12 months quality guarantee.
6. Fast delivery as your request.

## 7. FAQ

1. The Mini Order of 1 ton lifting magnet permanent magnetic lifter ?

We can accept only one piece of Magnetic Lifter 1 Ton .

2. About sample.

The buyer should offer the cost and freight, if the quantity is big then can turn back all of it after placing the order.

3. About payment of 1 ton lifting magnet permanent Magnetic Lifter 1 Ton .

100% TT as deposite, if amount more than 5000usd. Or 30%TT as deposite, balance after B/L copy.

4. How long does it take to receive my order?

About 15 Days from we get the down payment, 7 days for sample order.

5. What is the information should I provide when inquiry?

a. How many will I want to buy?

b. How much is the maximum capacity of the permanent magnet lifter ?

6. How will my order shipped?

Usually shipped by sea, small order or urget order we can send you by Air or DHL,UPS or Fedex, after received your agreement.
